Simple, but efficient : With this enclosure you take full advantage of the small form factor of the Intel DN2800MT or Mitac PD10BI/PD10RI Half-Height mainboard. And with its dimensions of only 200x200x40mm it has, with an internal volume of only 1.6 liters, room for one 2.5" harddrive or SSD drive. The enclosure can be operated fully fanless with the Intel DN2800MT or Mitac PD10BI/PD10RI even under full load in continuous operation.

**Technical data :**
